

ATMO Business Case for sphere Natural Refrigerants

June 12-14, 2018

Long Beach, CA

World's largest community of HVAC&R leaders deciding the future of sustainable heating and cooling.

Join us to meet 450+ thought leaders from North America and learn how natural refrigerants help make your business more efficient and sustainable!

[SEE PROGRAM](#)

The conference is the ideal event for end users who do not have experience with natural refrigerant technologies and are interested to learn more. There is no other event that brings together the entire community of OEMS, product manufacturers and experts on natural refrigerants in the industry.

- Danielle Wright, NASRC

10 REASONS TO ATTEND ATMO

1

SAVINGS BY SWITCHING

Learn how you can save your business money by switching to natural refrigerants. Increase efficiency and reduce energy, maintenance and operating costs.

2

LATEST TECHNOLOGY

Discover the latest natural refrigerant technologies during innovative case study sessions and panel debates, including our most provocative debate yet: the Future of Refrigeration Debate.

3

REGULATORY UPDATES

Get the latest news and updates on the current and upcoming regulations affecting your business.

4

MARKET TRENDS

Learn best practice from top experts sharing their latest success stories and lessons learned

5

MEET 450+ EXPERTS

Expand your network during numerous networking breaks over the 3 days by meeting over 450 industry leaders including top technology suppliers, contractors, policy makers, associations, fellow end users and more.

6

WORKSHOPS AND TRAINING SESSIONS

Join the many workshops and training sessions offered during the conference to expand your knowledge.

7

TECHNOMERCIALS

Learn about the latest technology during short, informative technomercials

8

KNOWLEDGE SHARING

Hear from other end users' experiences with natural refrigerants first hand, and discuss how this has helped their business.

9

END USER TRAVEL FUND

Get your travel expenses covered as a first time attendee. Contact the ATMOsphere team at america@shecco.com for more information.

10

HAVE A SAY

Influence the market by participating in panel discussions and debates, raise your concerns and hear how the latest technology can support your company's needs.

OTHER FEATURES OF ATMO AMERICA INCLUDE:

- ✓ Free entry for end users
- ✓ Private face-to-face meetings with suppliers
- ✓ 7 Accelerate America Awards including 2 new categories
